

R&D Batteries is following the guidance of global health experts at the World Health Organization (WHO) and U.S. Centers for Disease Control (CDC) on preventing the spread of the COVID-19 virus. We are reminding our employees to wash hands frequently and for anyone to stay home if they have any symptoms. As an FDA inspected Medical Equipment Manufacturer, R & D Batteries has always participated in and has introduced the most up-to-date process controls concerning good manufacturing practices within our facility which in turn includes only the best safety concerns for our employees and product being shipped out the door.

We will continue to service the needs of the healthcare community as efficiently as always. R & D Batteries personnel is fully staffed and production capabilities continue to produce product at an accelerated rate to keep up with the ordering requirements of the medical industry under these uncertain times. Inventory levels have been dramatically increased and in stock allowing for same day service on most battery types without delay. Orders placed before 4:00PM CST requiring next day shipments are being filled daily without hesitation. Give us a call @ 1-800-950-1945 and our customer service personnel will be happy to assist you with any ordering requirements you may be concerned with. It will be our pleasure to serve your needs.

Thank you very much. We sincerely appreciate your continued business.

A handwritten signature in black ink that reads 'Randall C Noddings'. The signature is written in a cursive style with a large, prominent 'R' at the beginning.

Randall C Noddings
